Matija Kočevar

Software developer

Hello!

I am a software developer with two years of experience in the IT industry and am extremely passionate about the field. I bring resourcefulness, a positive attitude towards work, honesty, and a wealth of experience with computer and mobile devices. I am responsible, respectful, and courteous. What I lack in experience, I will make up for with a desire to learn and maximum effort to acquire new knowledge.

P.S. ...I can also tell a joke or two...
